

UNMUZZLED DOGS PROWL ABOUT AS YOUNGSTERS PLAY

Unmuzzled dogs still are at large in the neighborhood of Union and M streets southwest, where Frederick Gattrell, six years old, was badly bitten last week. At least six mongrels were running the streets today where children were playing.

Morris Silverman, grocer, of 1212 Union street, says he has bought a muzzle for his remaining dog, after being fined \$10 in the Police Court—\$5 for having no license for the dog identified as having attacked Fredrick Gattrell near his home at 1212 Union street, and \$5 for not providing a muzzle. Silverman says he always muzzles the dog he still has when it is on the street, and chains it when in the yard.

Won't Get Dog.

It will cost Silverman an additional \$10 in pound fees to release his imprisoned dog, so he says he probably will not get it back.

Nothing apparently is being done by the pound officials to gather in the many muzzled dogs in the vicinity, whose owners probably are unknown. Today six or more were snuffling around front stoops looking for Thanksgiving dinner.

Commissioner Gardner, who favors a high tax on dogs, is constantly receiving letters, mostly approving a \$10 tax. Some, however, oppose the tax.

Dog Owners Fined.

Two cases against owners of dogs which were allowed to roam the streets without muzzles or leashes were called in the Police Court today. In one case a fine of \$5 was imposed; in the other the owner failed to appear in response to the police summons, and a bench warrant was issued for him.

In fining John Higgins, of 1308 Columbia road northwest, Judge James P. McHugh, who has imposed the police regulations was no excuse for their violation. He advised Higgins to immediately purchase a muzzle for his dog.

The other case was that of Thomas Killhar, of Tenth and Monroe streets northwest, alleged owner of a dog found in the streets without muzzle or leash. Killhar did not appear in court, and Judge Pugh directed that the warrant be issued for him.

CENTRAL OFFICE OPENS FOR ROOM HUNTERS

A central brokerage office today is at the disposal of home hunters in the District as a result of the efforts of the Real Estate Brokers' Association. The association has tackled the housing problem from the viewpoint of the builder and renter and promises to alleviate overcrowded conditions within a short time.

The association's special committee on housing held a conference yesterday with Dr. R. S. Woodward, chairman of the District committee, on housing of the Council of National Defense, and his colleagues, W. H. Baldwin. It was agreed that the association should maintain at its own expense offices at 1410 New York avenue, where rent lists from all the members of the association would be kept on file.

In addition, the association plans to seek an order for priority of building material shipments as an aid to the speedy erection of apartments and houses now under construction.

W. S. S. WILL GO ON SALE THROUGHOUT COUNTRY MONDAY

War savings stamps and thrift stamps will be placed on sale at Washington and throughout the country Monday.

The Treasury is preparing letters to all of the banks acquainting them with methods of requisitioning the stamps from the reserve banks.

Each bank is to be asked to designate an officer who can be named by Secretary McAdoo as authorized agent for the sale of stamps.

The banks will also be asked to recommend merchants, business men, teachers, and others as authorized agents for the handling of the stamps.

The campaign in Washington will be started with a rush next week by the committee aiding D. J. Callahan, director for the District.

TOPHAM ESTATE SOLD CHILDREN FOR \$137,000

The business property at 1219 F street northwest, occupied for years by Topham's trunk store, has been sold by A. C. Hoehling, and Charles H. Merrill, trustees appointed by the court to make partition of the estate of Washington Topham, sr., for \$137,000, the purchasers being the children of Mr. Topham, Washington Topham, George Topham, Mrs. Lida Oldfield and Mrs. Ida Bernheim.

Proceedings for the partition were brought by Howard Topham, another son, and the children of a deceased son, Fred Topham. They will receive one-third of the purchased price and the new purchasers are entitled to two-thirds of the property. Mrs. Anna A. Topham, mother of the minor children of Fred Topham, filed a petition asking that a guardian be appointed for her children to consent to the sale of the property for them and to represent their interests. The court appointed Attorney P. H. Marshall.

BOYS WRECK TRAIN, CAUSING TWO DEATHS

WELBETKA, Okla., Nov. 29.—The playful throwing of a piece of scrap iron, to which a rope had been attached, by three small boys on the tracks of the St. Louis and San Francisco railroad near here, caused the wreck Sunday morning of the fast train known as the Meteor and the death of two members of the train crew, according to a confession made by the boys to their parents. When the iron became wedged in a joint the children abandoned it.

No action has been taken by the authorities who have been working on the theory the wreck was caused by enemy aliens or I. W. W. agitators.

Mr. Magee will remain with the Red Cross in another capacity, it was said.
